SKILLS

- Sheet Metal Component Inspection
- Electrical Panel Component QA
- Powder Coating Techniques
- Quality Assurance & Control
- Incoming Quality
- Non-Conformance Management (NCR)
- Supplier Audits & Evaluations
- Internal Auditing (ISO Standards)
- Root Cause Analysis
- Process Improvement
- Team Leadership
- Documentation & Reporting
- Excel, MS Word, PowerPoint

EDUCATION

- ITI industrial training institute
Kalaburagi, India
- Secondary School Certificate,
2020, State Board Karnataka, India

CERTIFICATION

- Six Sigma (Yellow & Green Belt Certified)

PROFESSIONAL EXPERIENCE

Alfanar Electrical Systems, Riyadh, KSA (Dec 2022 – Present) QA/QC Officer

- Conduct detailed inspections of sheet metal parts and fabricated panels upon receipt to verify dimensional accuracy, surface finish, coating quality, and compliance with design drawings.
- Review supplier documentation, such as test reports, material certificates, and inspection reports, to ensure alignment with quality requirements and engineering specifications.
- Validate powder coating processes by monitoring coating thickness, adhesion, and surface uniformity for electrical panel parts.
- Collaborate with engineering and procurement teams to communicate technical requirements to suppliers and resolve design or quality-related concerns.
- Initiate and manage Non-Conformance Reports (NCRs) and perform root cause analysis to prevent recurrence.
- Execute domestic and international supplier audits and inspections to ensure material quality and supplier compliance.
- Serve as an Internal Auditor supporting ISO and QMS compliance through regular evaluations and process assessments.
- Lead and coordinate cross-functional teams to meet project timelines while maintaining high standards of quality and operational efficiency.

PERSONAL DETAILS
